

## Idling Conversations

### Introduction

Create characterisation with Idling Conversations. Dr Clickitt talks about medical issues, Technician Bob talks about technical issues etc.

Create characterisation through locality. If there is something close to Technician Bobs house then he should know something about it, whether it is a sub-quest or something about the local woods it doesn't matter.

Lego would like some of the Idling conversations to express more about the lives of the people on Lego Island apart from the Lego Island 3 Story. They also want some continuity of story to be within some individuals Idling conversations. Major problem prohibiting this is that the Idling conversations will be chosen at random, making planned narrative impossible without creating special cases.

2.7	I have to see Dr Clickitt for my prescription of plasters. I pick up cuts and scrapes so often.
2.8	I wish I was pretty as well as intelligent. Pretty girls are allowed to be intelligent just look at Sky Lane, or better yet have a conversation.

10.8	I bet you look forward to Christmas. Well I end up with three times as much work as normal. And do I get any help? Of course not!
10.9	Only twelve more deliveries to make and then I'm finished for the day. Twelve deliveries too many by my reckoning!

11.7	One two, Striker passes to Midfielder, Midfielder passes back to Striker. Leftback is left looking silly only Goalie to beat.
11.8	I hope we get to wear this strip for our upcoming game against LEGO City Builders. Our away strip is lime and violet, it hurts our eyes.
11.9	I don't understand why you don't play soccer Pepper. I mean when has a skateboarding competition filled a seventy five thousand seat stadium?
11.10	I don't think Ed Mail likes us very much. I kicked the ball in his face but still he shouldn't have burst the ball!

13.4	I've got a great deal for you Pepper its a, um thingy. You use it to um, get stones out of horses hooves and it can be used as, uh a tooth pick. Fantastic isn't it. Go on buy one please. I've only got two hundred in stock. Everyone on the Island needs to buy four. Please!

15.4	I've had a really pleasant afternoon with DJ. It was even work related. We were discussing the film soundtrack.
15.5	Will you look at my carnation? No. I don't think I will catch anyone out with my false flower that squirts water.

Look at Sky Lane she always dresses well, and uses just the right amount of make up. She will make someone a fine wife someday but they will need to keep their hair neat.
18.2	You're looking a little peaky Pepper, have you seen Dr Clickitt. I think you should. You may think it's nothing but it is best to be certain.
18.3	My husband tells me that you've been skateboarding on the pavement. You should only be using the designated skate parks. I only let those skate parks get built because I thought it would keep you off the pavement.
18.4	Jack O'Trades cannot cope with a bit of honest competition. He says I'm not allowed to sell tin openers as that's hardware. Well I sell loads of tins of soup, beans, vegetables etc, etc. I just thought it would be sensible if I also sold tin openers as well.

18.7	Do you like being a stuntman Pepper? It seems a bit dangerous to me. I suppose it's a machismo thing. Well if you want to impress the ladies or one lady in particular, I find flowers, chocolates and an expensive restaurant work better. Hmm, Ed hasn't taken me out for meal in a while I had better remind him.
18.8	If you see Ed Mail tell him his dinner was getting cold, so it's now in the cat.
18.9	I will be glad when they've finished filming and the movies leave LEGO Island. It has been so noisy, I just want it to be peaceful and quiet.

19.6	I like listening to country and western. Lovely homely songs and easy to sing along to.
19.7	I might make the temporary race track permanent. Nick Brick says that driving violations have gone down now that Rhoda and Studz race on the track more then they race on the roads.

20.4	Not only does Laura get to patrol more than me, when she sends in a report she always makes it seem so interesting.
20.5	Don't worry Pepper I'm keeping my eyes on the Brickster and his Brickster-Bots. If he's up to no good I will be the first to know.
20.6	Can you eat a donut without licking your lips?
20.7	Hurrah! I've got out of the office. Some traffic lights are on the blink so I get to direct traffic!
20.8	I know I shouldn't say this, but I like it better when the Brickster is about it gives my job meaning. The rest of the time we become a glorified lost and found office.
20.9	Why does everyone think policemen eat donuts? I don't eat that many donuts, only at breakfast, elevenses, and afternoon tea!
20.10	I'm installing lots of cameras around the Island. So even though I don't get to patrol I can keep an eye on what's going on.

21	Nubby Stevens
Character	Nubby Stevens
Speech	
21.1	Why is it when you've lost something you always find it in the last place you look?
21.2	You made me jump Pepper, the last time that happened I hit my thumb with a hammer.
21.3	Do you need any new parts for your skateboard? Low profile alloy wheels? Go faster stripes? How about a spoiler?
21.4	Why does the sun always shine on LEGO Island? And why are all the plants green and healthy when it never rains?
21.5	There is something so satisfying about fixing an engine. You may be dirty and sweaty from working hard, but it's all worthwhile when you hear that sweet purr that tells you the engine is alive again.
21.6	Whenever I'm angry or upset I do any panel beating that happens to be around. I find physical exertion really helps clear my mind.
21.7	Have you ever wondered about things? You know, really wondered?
21.8	So... Which came first? The chicken or the egg? It confuses me just thinking about it.

22.3	Mama has composed some beautiful new tunes for her piano. They make the day seem sunnier.
22.4	Ouch, I burned my hand on the oven and now it throbs.
22.5	When you have finished filming you should go on a cruise. That's how I met Mama.
22.6	Pepper you have yellow dots on your face! Ah no sorry it's just the sunlight glowing on your freckles.
22.7	You have been an inspiration for a new pizza Pepper. The Spicy Pepper-roni Pizza, with green peppers, and jalepenos.
22.8	I'm taking Mama to a ball soon, she likes fiery Latin dances and I like Viennese waltzes.

23.4	I have never worn the same outfit twice.
23.5	I've got some fantastic foundation, perfect for your complexion.
23.6	This is terrible... LEGO Island has no clothes shops. I may end up having to wear the same outfit again. What if one of my friends wears it too!
23.7	Sky Lane is quiet pretty. She would look amazing if she didn't go in so much for the tomboy look.
23.8	There isn't a hairdresser on the Island except for me. But it's very difficult to cut my own hair.
23.9	I hope we get to do a horror movie. I want to make everyone look like a zombie.

25.4	Hello Pepper, have you got my pizza. Doh! I said I would collect it from the pizzeria. See you later!
25.5	I wish we could do a film about firemen. I could do loads of pyrotechnic effects then.
25.6	Ha, ha, he, he, ha, ha, ha. Sorry, he, he, Pepper I just, ha, ha, pulled a fantastic prank. I put a whoopee cushion on Block Busters chair and then he sat down, and ha, ha, he, he, ha, ha, ha.

Speech	
26.1	The problem with gardening is you spend so much time digging. You need such a good strong back and mine aches!
26.2	I wonder if I should wear red trousers and a green top. I would have to change my name to Green Redbase though!
26.3	My legs hurt. It might have been gardening but I did dance the night away so it might be that.
26.4	Don't invite Brickster-Bots to a party. They may dance well but they leave oil stains on the carpet.
26.5	The strange thing about gardening is that one persons weed is another persons flower.
26.6	Rhoda and Snap always leave the house in such a mess. I suppose I could stop tidying up, but then it would get messier and messier.
26.7	Do you like the smell of freshly cut grass? I do!
26.8	You have to be careful of my snapdragons they bite!
26.9	I hate slugs, caterpillars, and greenfly. They all eat my precious plants. At least greenfly are a nice colour.
26.10	I think I should start a business as a gardener. More than just mowing the lawn every second Tuesday. I want to landscape gardens.

28	Rhoda Hogg
Character	Rhoda Hogg

28.1	I have so many bills too pay. Speeding in a built up area. Speeding in an open area, and a parking violation. I don't think Nick likes me very much.
28.2	I'm just waiting for Nubby to fix my car. I've got a supercharging kit and I want it fitted.
28.3	Don't try to burn off Laura Brick at the lights. Those police bikes sure are fast.
28.4	If I get one more traffic violation, I'm going to lose my licence.
28.5	Do you like my car Pepper? When are you going to get a car of your own?
28.6	Having a party because you've won a race is a better idea then having a party because you're in a race. For one thing you're more likely to win.
28.7	The problem with racing everywhere is its so expensive. My tyres and brakes wear out really quickly. And I use twice as much fuel then if I drove at a nice steady fifty five.
28.8	When I get enough experience I want to be a LEGO Racer. I'm sure I would be good at it.
28.9	I've got some new exhausts. They improve the carburettor and remove a nasty flat spot at five thousand revs.
28.10	Have you got any invites for the post production party?

29	Sky Lane
Character	Sky Lane
Speech	
29.1	Oh no I've just got the latest Innovations catalogue. Too many gadgets not enough money.
29.2	Look at this watch Pepper, it can tell me the time in seventeen countries. I just wish one of them was LEGO Island!
29.3	I've been helping Technician Bob. Some of his latest inventions need user guides written for them.
29.4	He, he, you have a smudge on your nose.
29.5	I like your palm pilot, Technician Bob is going to make one for me as soon as he's worked out how to do changeable covers for it.
29.6	I think there is a Brickster-Bot following me. But I can't see it at the moment.
29.7	I hope fame and the movies won't spoil us.
29.8	Have you ever thought of giving your house a make over? I could help you if you like.
29.9	You do know we're supposed to kiss in the film. Do you think we should rehearse it?
29.10	Have you ever seen a UFO? I've looked and looked but it's always been a weather balloon.

30.5	Sometimes I pretend to get into trouble when swimming so that Valerie comes and rescues me.
30.6	I was going to say something but no, my minds gone blank.
30.7	Do you expect me to say something profound. I'm a surfer not a philosopher.
30.8	My uncle keeps asking me when I'm going to get a proper job. As a radio DJ his job is fun, but all I want to do is surf.
30.9	Sunny again I see. Great!
30.10	I think I will wax my board this afternoon.

31	Studz Linking

31.2	Your skateboard doesn't have an engine what's the point in talking to you.
31.3	Hurumph, don't disturb me I'm planning how to win my next race.
31.4	Yuri Gagarin was the first man in space, do you know who the second man in space was? Exactly that's why I have to win every race.
31.5	People drink champagne! I thought it was just for spraying over whoever came second and third.
31.6	Just because he's a policeman doesn't give Nick Brick the right to tell me how to drive. Public roads are not a race track, indeed.
31.7	You like racing around. Racing isn't enough only winning matters.
31.8	Don't talk to me I've just lost a race and I'm in a bad mood.
31.9	LEGO Racers are the best racing team in the world. And I'm there champion driver.

32.4	You skate pretty fast and without super powers too.
32.5	The problem with x-ray vision is you keep walking into trees.
32.6	I started out just being able to leap over tall buildings, but once I forgot to hit the ground and I realised I could fly.
32.7	Excuse me a moment I have an announcement to make. To the grey cube headed person what part of 'mind the gap' do you not understand?
32.8	My trains run like clockwork. They don't have big spiral springs inside them, and they don't need winding up. Okay so not like clockwork at all.
32.9	I love being a super hero no other job lets you wear your underwear over your trousers.
32.10	Don't fly with your mouth open, unless you like eating flies.

33	Technician Bob
Character	Technician Bob
Speech	
33.1	Is your palm pilot working okay, no weird glitches or electric shocks? Excellent now that's a surprise, one of my inventions works first time!
33.2	Do you ever watch the night sky Pepper? The stars and planets are beautiful, but cannot compare to a ring nebula.
33.3	I have this special chart comparing the capitulum and trochlea with the gluteus maximus so I always know the difference.
33.4	Tools, workbench, clamps, magnifying glass, and a box of bits, life is complete.
33.5	I created a remote control for my stereo, television, video recorder, lights, and toilet flush. But when I lost it, I had to sit in the dark until I realised I was sitting on it.
33.6	Be careful with the palm pilot Pepper. It may be encased with titanium but it's still delicate.
33.7	I invented a Swiss army brush, it was a failure. Never use a device where you could mix up a hairbrush and a toothbrush.
33.8	I've forgotten what I was thinking.
33.9	They say necessity is the mother of invention. I would like to meet her someday and shake her hand.

34.9	If I get ill the top half of me goes to Dr Clickitt and the bottom half stays at home!
34.10	I surprised Snap today. He was pretending to drown again. So on the way to rescue him, I pretended to drown. It's amazing how quickly he rescued me.
