

## **Skate Park**

Components:

### Pepper

The player will be in control of Pepper within a skatepark.

### Brickster

The Brickster may be placed within the level. A Brickster angry bar will be displayed on screen.

### Objects

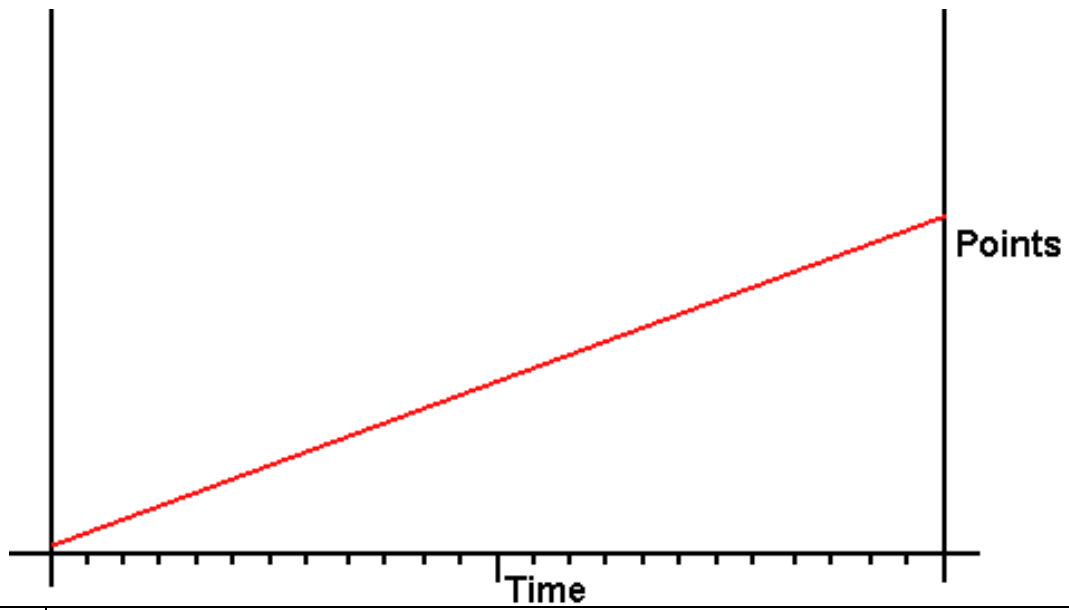

Within the ramps of the skateparks there will be obstacles for Pepper to perform tricks on. Each skatepark will have different objects for the player to use.

### Crowd

There may be sound effects as Pepper performs skateboarding tricks. These may be cheers when he does a decent trick or boos when he falls over.

Animated crowd may be placed in the background of the skateparks
